

2024 BUICK DRIVING ENTHUSIASTS NATIONAL TOUR

There is a wonderful tour coming up next spring . . .

“Driving our Beautiful Buicks through the Beautiful Blue Ridge Mountains”

Motoring through Georgia’s Blue Ridge we’ll visit Helen, an Alpine village with plenty of shops to explore, and to enjoy an authentic German luncheon while there.

Then, travel just a few miles down the road to “Babyland General Hospital,” home of Cabbage Patch Dolls to witness the birth of a new Cabbage Patch baby. Allison has a Cabbage Patch doll on hold to pick up there.

North Georgia is noted for orchards, hence the Peach State. A hayride through an orchard is on the agenda and cross our fingers . . . the apple trees will be in bloom. The orchard will have everything from their famed fried fruit pies to bottled hard cider produced right there for us to indulge in.

Traveling through the Cherokee National Forest to Chatsworth where we will tour Chief Vann’s 19th century plantation. Yes, Chief Vann was Cherokee, and he figured out how to make lots of money and build a plantation!

Then, there is a train ride through the Blue Ridge Mountains to McCaysville GA/Copper Hill TN. While there, you can have lunch at one of the many restaurants. And when the train returns to Blue Ridge, there are quite a few shops to explore.

And the banquet will be at my favorite restaurant in Blue Ridge!

Come join us and enjoy the Beautiful Blue Ridge Mountains – J D & Allison Westfall
